

One Golden Moment— Then Darkness!

RUSTY

It Was Only a Moment, Snatched Under the Shadow of Disaster
—But While It Lasted, Youth Spoke Freely to
Heart-Empty Youth

THEY were twins, sisters who grew to womanhood without knowing who they were or who their parents had been. Jim Elwell was like a brother to them. He had played with them and looked out for them and helped them forget the shadows out of which they had come.

THEN—it was a warm, dreamy night in spring. Dimly felt in the stillness was the rumble of the distant drums calling the nation to war. He was going. A few more hours and he would be started on the great adventure.

So there under the tree, the boy and the girl held each other close for a moment. Jim Elwell and one of the women—a girl whom, in the instant of disaster, he had discovered he loved.

Their moment ended and he went away. They kept it secret. His own mother did not know which of the two twins her son had chosen.

THE war that had found him a care-free boy, left him a broken, outworn shell of a man. His memory was gone—and with it was gone his hope. Which girl was the girl of his heart? What could she do to restore him to the happiness he lost?

THAT'S the strange, gripping story that is unfolded in "Broken Threads" which begins in The Star next Saturday.

It is one of the most unusual, absorbing stories ever written. A love story—in which you can not tell which girl the hero is in love with until the very last.

New Federal Radio Board Meets to Untangle Jumble of 700 Broadcast Stations

Division of Country into Zones One Task; Wave Length Separation of at Least 10 Kilocycles Planned; Must Determine Which Stations Are to Be Silenced

Washington, Mar. 14—Members of the new federal radio commission met today to consider the mammoth task of unscrambling the radio broadcasting jumble. Today's session opened the first formal session tomorrow.

Several major tasks must be accomplished before the listener gets any benefit of regulation.

First, division of the country into zones within which broadcasting stations will have wave length separation of at least 10 kilocycles.

Second, shift of American stations from the long waves to Canadian, Mexican and Cuban broadcast frequencies.

Third, determination of what stations will be silenced.

Fourth, determination of what stations will be silenced.

Thus, it is understood, such stations as KDKA, Pittsburgh; WEA, New York; WGY, Schenectady; WRZ, Springfield; WJZ, New York; WEHH, Chicago; WSR, of Atlanta; WLS, Chicago; KFRX, Hastings, Neb.; WWS, of Detroit; WMBG, Miami Beach; WSMR, New Orleans; WSAI, Cincinnati; KFRX, Hastings, Neb.; KGO, Denver; KPO, San Francisco; KGO, Oakland, Calif.; KFI, Los Angeles, and other well-known broadcast stations would have preferential standing.

ASHLEY THREATENED BY FIRE

150 Convicts Break for Freedom

ONLY TWO GAIN FREEDOM; TWO ARE RECAPTURED

Joliet Guards Herd Others Back into Penitentiary While Sirens Shriek

MANHUNT IS LAUNCHED

Five Hundred Inmates of Alabama Prison Mutiny Against New Rules

Joliet, Ill., Mar. 14—Two Chicago convicts were recaptured and one and possibly two made their escape amid a hail of bullets in a sensational break of 150 prisoners for liberty at the Joliet Penitentiary today.

With all available guards pressed into the manhunt, early reports indicated that not more than three or four escaped in all, of which Leonard Russo and Joseph Pasquale, believed to be the chief plotters, were quickly recaptured.

Guards herded the remaining members of the gang back to the prison while sirens and gongs launched a manhunt for the escaping convicts.

Marion Alarmed When Company D Men Are Mobilized; Order Was Only for Test

RUMORS of war, riots and various forms of hellfire spread widely throughout Marion late Saturday night, to the accompaniment of ominous tramp of uniformed soldiers hastening to their armory on W. Church st.

Here was one man, cellmates and with disheveled hair, who had dashed feverishly from his home to see what it was all about, being breathlessly informed by an excited neighbor that "war has been declared with China."

There were other rumors equally lurid and they grew more alarming as they passed from one tongue to another.

It finally developed, however, that there was no war or riot or anything even faintly resembling a disturbance of that sort. D Company of the 16th Infantry, U. S. G., had merely received its annual mobilization test call. This summons is sent out once each year in accordance with an army rule which is intended to keep the soldier boys in perfect trim and ready to respond promptly to any emergency.

The call was sounded promptly at midnight Saturday with the ringing of the courthouse bell. It had also been planned to blow one of the local factory whistles, but the supply of steam was inadequate and that part of the projected log had to be dispensed with.

Despite this hitch the mobilization was a complete success. Captain John W. Mason of D Company stated. With 28 minutes after the call was sounded, 55 members of the company were at the armory ready for service. By 9 o'clock Sunday morning all of the 62 men were on hand.

The rule is that a mobilization must be held once each year at some time prior to the annual company inspection. The inspection of D Company was to take place for tonight and for that reason it was possible to issue the mobilization summons either Saturday night or Sunday.

Captain Mason was in Columbus Saturday night attending the inspection of 1 Company of that city and while there sent a telegram to First Lieutenant Frank O'Hara ordering him to call out the men here. The men remained at the armory during the greater part of Sunday and were put through practice drills and other work in preparation for the inspection tonight.

Lunch was served, the men being made especially attractive by 10 gallons of ice cream donated by Clifton Lower, W. Center st. drug.

ONE BUILDING IS DESTROYED, TWO DAMAGED

Departments of Three Towns Battle Flames for Several Hours

WINDOWS BROKEN

Wide Damage Radius Results from Blaze in Kohler Structure

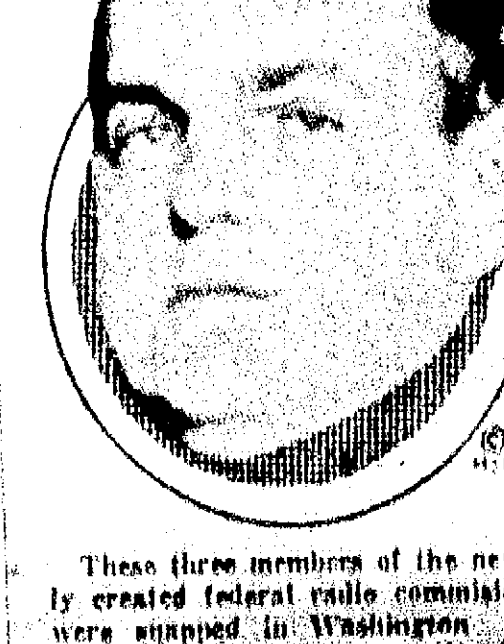

One two-story brick business block was completely destroyed, two others greatly damaged and plate glass windows within a radius of several hundred feet cracked and broken by fire this morning that threatened to wipe out the entire business section of Ashley, 15 miles southeast of here.

Departments of three towns succeeded in bringing the blaze under control after a fight lasting for several hours. Starting at about 4:45 o'clock from an unknown cause, the flames had gained considerable headway when discovered in the rear of the building owned by Frank Kohler and occupied by the Day Dry Goods Store on the first floor and by the store proprietor and his wife, Mr. and Mrs. C. A. Day, in an apartment on the second. The structure and its contents were completely destroyed. Mr. and Mrs. Day escaped safely after being awakened by the alarm sounded through the village.

Harry Wigton, Ashley fireman, noticed the fire as he was starting to drive to Dayton shortly before five o'clock. His alarm aroused the village and brought the Ashley fire engine to the scene.

With danger of the fire's spread to adjoining buildings housing the Bank of Ashley and the Beer Radio Supply store imminent, emergency calls were forwarded to Cardington and Delaware, Departments from both towns answered. Assisted materially by the Cardington, the Ashley fire-fighters were able to bring the fire under control before the arrival of the Delaware department. The three forces then concentrated on preventing the spread of fire.

Holif was expressed by Ashley citizens today that had the fire broken out in the two threatened buildings adjoining the Kohler block that it would have been impossible to have prevented a village-wide fire disaster.

These three members of the newly created federal radio commission were assigned to Washington, as they attended their first conference at the department of commerce. They are: Top, Henry A. Bellows, Minneapolis, Minn.; center, Eugene O. Sykes, Jackson, Miss.; and Orville H. Caldwell, Bronxville, N. Y.

Liberal Party Members Go to Porto Cabezas to Talk With Saca

Managua, Nicaragua, Mar. 14—A peace mission composed of influential members of the Liberal party was preparing today to visit Porto Cabezas for the purpose of pleading with Dr. John Saca, lay down his arms and end the civil war before the bloody battle, for which the Diaz government is massing its forces near the rebel stronghold of May Mur, takes place.

The Liberal commissioners, Carlos Morales, Antonio Medina and Gustavo Arguello, all high in the party's councils, wish to convey to Saca General Moncada's message that he is awaiting only permission from his chief before negotiating for the best terms procurable, through American Minister Eberhardt, for the termination of the hopeless struggle.

The Diaz government is rushing to the prospective battle front a large arms shipment landed at Corinto yesterday. This comprises 200 Browning machine guns, 3,000 rifles, 3,000,000 cartridges.

COLLECTION OF COUNTY TAXES IS UNDER WAY

Assessments Must Be Paid Before Apr. 1; Seven Banks To Receive Money

Tax collection for the districts outside of the city of Marion started at the office of County Treasurer James H. Messenger this morning.

Taxes must be paid before Apr. 1, as this date has been set by the County Commissioners as the last day for paying taxes and indications are, that there will be no extension this year.

Where in other years extensions could be granted because the tax collection got under way at the proper time, and the tax settlement could be made in March as needed by the taxing districts, the lateness of the tax collection this year makes it almost impossible to grant any extension beyond Apr. 1. Some of the county school districts have been forced to borrow money to meet bond retirement demands, and the tax settlement will be made as soon as possible in order to relieve these school districts of the burden of carrying the loans.

City taxes, for those who have not yet paid, will also be received by the treasurer until Apr. 1. It was announced today.

TWO CONTESTS SEEN IN OHIO SENATE THIS WEEK

Filibuster Threatened on Dodd Resolution; See Fight Over McKinney's Confirmation

Columbus, Mar. 14—Two contests threaten to enliven deliberations of the Ohio Senate here this week.

One is the filibuster Sen. George H. Bender, Cleveland, threatened to launch in the event the senate calls up, on the question of adoption, the Dodd joint resolution. The other contest is expected to develop over the question of confirmation by the senate of Gov. (Vic) Donahue's appointment of Walter D. McKinney, Columbus Republican, to a six-year term as a member of the state utilities commission.

The Dodd resolution, which unanimously was adopted by the house last week, provides for a joint legislative committee empowered to determine what remedial legislation affecting village mayors and justices of the peace, if any, is necessary as a result of the recent U. S. Supreme Court decision invalidating Ohio laws which decreed that the mayors and justices be paid from fines collected from liquor law violators.

The senate rules committee recommended adoption of the Dodd resolution by the senate.

Following his return to the work-house, efforts were made to determine whether or not these attorneys would represent him. Streitenberger seemed in good spirits this morning and talked calmly during the time he was before the court.

FORD WINS FIRST ROUND OF \$1,000,000 LIBEL SUIT

Court Action Is Result of Series of Articles in Auto King's Magazine

Detroit, Mar. 14—Henry Ford won the first round today in the \$1,000,000 libel suit brought against him by Aaron Sapiro, Chicago attorney, when Federal Judge Fred S. Hammond refused to allow the plaintiff to amend his complaint against the multi-millionaire auto king.

Attorneys for Sapiro sought to bring Ford's repeated attacks on Jews directly into the case.

The court denied this move by declaring his ruling would not involve the presentation of evidence. This gave Sapiro a loophole through which he can introduce Ford's attacks on the Jews.

Result of Articles

The libel suit grew out of a series of articles in Ford's Dearborn Independent which charged Sapiro, who has organized hundreds of farm co-operative associations was a part of an international Jewish conspiracy. His attorneys cited one article, which read: "The Sapiro co-operative plan is merely a scheme by which the international banking ring may come into control of the agricultural wealth of the United States and exploit the farmers." Because of this charge, Sapiro's attorneys sought to show that Ford has attacked the Jews as to give the

Washington, Mar. 14—If Senator William H. King, Democrat, of Utah, succeeds in entering Hayti it will be through his own efforts, and not to state department intervention in his behalf, it appeared today.

State department officials said this morning they were "powerless" to aid the Utah senator, who has been classed as "undesirable" by the Haytian president, and barred from the country.

Despite the American occupation of the little republic by a permanent garrison of U. S. Marines, and the fact that most of the governmental functions there are conducted by marine officers, officials of the department explained that Hayti is a sovereign power and entitled to exclude anyone her president sees fit.

EPWORTH M. E. EVANGELISTIC SERVICES OPEN

Four-Weeks Revival in Charge of Rev. Myron E. Taylor, Upland, Ind.

Evangelist Myron E. Taylor of Upland, Ind., and Professor Robert W. Otteson of Chicago, opened a four-week revival at Epworth M. E. Church yesterday morning with a series of services, morning and night.

The revival follows a month of cottage prayer meetings held by members of the church as an appropriate preparation for the revival.

Evangelist Taylor preached on the subject, "The God word Pull," at the service last night, which was attended by a large delegation from Marion Chapter of DeMolay. Features of the service were the beautiful solo numbers sung by Mrs. Clarence Rutherford, Mrs. Eugene Moore and Professor Otteson. The choir which is made up of 50 talented voices, gave several special selections under the direction of Professor Otteson.

At the service yesterday morning, which served to open the revival, Mr. Taylor spoke on the subject, "Our Great Opportunity." His text was

Your "Regular" Pain Now Needless

Menstruation is a perfectly natural process, but the painful part is NECESSARY. Long study has absolutely conquered menstrual pain. Science now offers women reliable and complete relief—in a simple, utterly harmless tablet called Midol.

This newest achievement of the laboratory has nothing to do with drastic, habit-forming drugs that kill pain by numbing the whole system! Midol acts directly on the organs affected by menstruation, and nowhere else. Yet relief and absolute comfort comes in five to seven minutes!

So, why have a twinge of pain—feel "low" or even uncomfortable? Or take anything to depress the heart, or upset the system? All drug stores have Midol in a thin aluminum box that tucks in purse or pocket—for 50 cents.

OPENS REVIVAL

Evangelist Myron E. Taylor, Upland, Ind., opened a four-week revival campaign at Epworth M. E. Church yesterday.

Evangelist Taylor, who was taken from John 4:35 and Matthew 9:37 and 38, "Lift up your eyes and look on the fields for they are white and ready for the harvest. The harvest truly is plentiful, but the laborers are few; pray ye therefore the Lord of the harvest that He will send forth laborers into His harvest."

"Lashed Vision"

"The disciples at this time were looking in vision, love and a true sense of obligation to the unsaved," Mr. Taylor said in part, "and modern disciples seem to be lacking in the same thing. When Jesus saw the multitude he was moved with compassion on them because they fainted and were scattered abroad as sheep having no shepherd."

"The Latin derivation of the word 'compassion' would indicate that when Jesus saw the multitude He suffered with them and had an anguish of heart for them, the evangelist said, 'and out of that anguish of heart He prayed that laborers might be sent to their assistance.'"

"Same Spectacle"

"The same spectacle confronts us as Christians, each day of our life," Mr. Taylor declared, "but we fail to realize the obligation resting upon us. Jesus exhorted the disciples saying, 'Pray ye therefore and all they spent 10 days in prayer at Jerusalem. The spirit of God came mightily upon them and they caught the vision; their hearts were filled with divine love and they went out to give themselves in unselfish service to their fellowmen.' Mr. Taylor said, 'And thus must we pray until we are directly equipped for the work at hand.'"

Services are to be held at 7:30 o'clock each night except Monday. Special afternoon services and other features of the campaign are being planned and will be announced later in the revival. Mr. Taylor will speak on the subject, "Our Greatest Possession," at the Tuesday night service.

WOMAN SLAPS FACE OF KERENSKY IN ADDRESS

Five Thousand Persons See Her Carry Flowers to Stage, Then Hurl Them

New York, Mar. 14.—Two men were in the hospital today recovering from injuries received in a riot at the Century Theater yesterday when Alexander F. Kerensky, president of the provisional government of Russia in 1917, making his first appearance on a lecture platform in the United States, was slapped in the face by a woman and had a bouquet of roses thrown into his face.

Nearly 5,000 persons had gathered to hear Kerensky. As he began his address Miss Catherine Barry advanced from her seat in the audience with a bouquet of red roses. Suddenly she slapped Kerensky across the face, then hurled the flowers at his face.

Turmoil ensued as the audience fought among themselves. Kerensky remained calm. Later he completed his address.

At Kerensky's request, Miss Barry was not arrested. The woman said her attack was prompted by the belief that Kerensky was responsible for the death of her father, a Russian exile, during the World War.

Children of Movie Stars Make Early Picture Debut

Among Hollywood's younger generation of aspiring film stars are Billy Reid, the late Wallace Reid's son, left; upper right, Jack Holt's son, Tim; center, Aileen O'Malley, Pat's daughter, and right, Elsie Von Stroheim, Jr.

When other youngsters are leaving parents to permit them to dress in case of garments, these precocious young folk beg their mothers and fathers to get them "bits" in pictures.

For five or more years, attempts have been made to get the consent of mothers and actresses to permit their children to appear in a picture with their own names. Madeline Brynner, a famous actress, has succeeded in having her son, Billy, make his first picture with her. Billy will take Corinne Griffith's place as a boy actor in the first picture of the National star list. Her first picture will be "An American Beauty".

Next Senate Looks Doubtful for Both Political Parties

Rival Organization Leaders Already Worrying; Democratic Solons Meet

By CHARLES F. STEWART
WASHINGTON, Mar. 14—The next senate? Yes, an interrogation point is right. The next senate won't meet, with the rest of the 70th congress, until Dec. 5. That's quite a long distance off, but don't imagine the rival party leaders aren't worrying about it in advance.

THE House of Representatives will be "pretty safe," as the Republicans express it, or "practically hopeless," to quote Democrats. But the senate will be so close that any estimate of the alignment of votes must include Vice President Dawes, and his back counts, as all the world's aware, only in the event of a tie.

LOOK at the official figures. Forty-eight Republicans, 47 Democrats and 1 Farmer-Laborite. It showed the Farmer-Laborite vote with the Democrats—and he certainly isn't a (wedge administration man—hell make a tie every time, with Dawes casting the deciding vote—a Republican vote, it's to be assumed.

BUT we must remember that Senators-elect Smith of Illinois and Van Dusen of Pennsylvania won't be seated at any rate, not without a long hard fight. That's a cinch. So we must drop them from the Republican list, at least for awhile, which leaves:

Forty-seven Democrats, 46 Republicans and 1 Farmer-Laborite. If Shipstead votes with the Republicans, as he sometimes does, he'll tie the score again, and once more Dawes will break the deadlock.

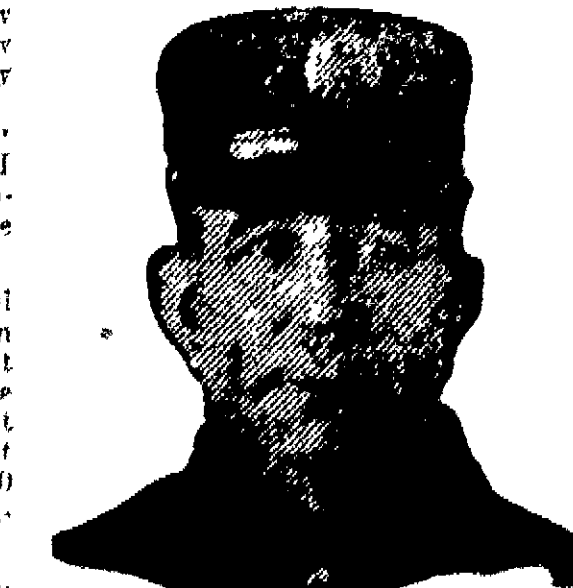

WE can't take it for granted, however, that all the so-called Democrats will invariably be against the administration. For example, only a day or two be-

Columbus Fire Fighter Praises Tanlac

J. E. Owen led a strenuous life. At 53 the strain told and health gave way. For several months a victim of stomach trouble. Now in rugged health, gives full credit to Tanlac.

Mr. Owen is well and fearlessly facing a Columbus, Ohio, which city he has served faithfully for many years. He lives at 40 Claremont. To use Mr. Owen's words: "As a result of poor eating and worse digestion, I developed a bad case of stomach trouble, which ran me down and kept me in low condition for months."

"My stomach seemed to go wrong all of a sudden and would neither retain nor digest even the lightest food. It was sour, gassy and bloated most of the time, and kept me in misery. I felt dizzy and without the slightest energy. My weight dropped from 170 to 140 pounds, and I kept getting weaker."

"It wasn't a week after taking Tanlac till I was feeling 100 per cent better. Four bottles put my stomach in a condition and left me eating like a horse again. Now I eat what I please without discomfort. That draggy feeling gave way to my old time vigor and I'm back again at my normal 170 lb. weight. And all in a few weeks! I praise Tanlac all the time."

If overwork or neglect have lowered your health, try Tanlac. It is nature's body builder, made of herbs, roots and barks. Your druggist has it. Over 32 million bottles sold.—Adv.

Two other Columbus South men, Larsen and Dravid, the first forward and the latter a guard, landed positions on the second team. North High is represented by Hauser, guard and captain, and Horn, center, both of whom placed on the second team.

Yale and Harvard fought their first race on Lake Winnepesaukee just seventy-five years ago. In 1865 the course was changed to Springfield, Mass., Lake Quinsigamond was the scene of the contests for nine years, and Lake Saltonstall for 1869. After an interval of seven years the crews in 1876-7 returned to Springfield. In 1878 another change was made, this time to New London, Conn. One race was rowed at Poughkeepsie in 1897, when Cornell beat both Yale and Harvard.

FIRST REFORMS MEET CHRISTIANS TONIGHT

Battle of Year Scheduled for Junior Sunday School League

The greatest Junior Sunday School league basketball battle of the season will be waged Monday night on the Y. M. C. A. court. The First Reforms and Central Christians will clash in what will probably be the championship game of the year.

Each team has won eight games and lost only one. They are tied for first place in the Junior League, with the other quintet even in the running. Only two more rounds remain in the league after Monday night and each of the leading teams have only one more game to play. The Christians have an open date the following Monday and must meet the Presbyterians in the final game. Baptists have yet to play the Epworth quintet.

The two teams are the most evenly matched ever seen in the local Sunday School league. The players are fighters and will stick to it until the end, regardless of the score. The game will be called at 6:45 o'clock.

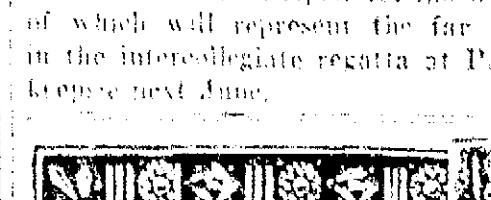

The first contest at 6 o'clock will feature the Baptists in a game with the Presbyterians. Epworth, M. E. cagers have an open date.

VAULTER "SHOWS HIS STUFF"

Lee Barnes snapped during track meet at the University of Southern California as he clears 12 feet, 6 inches in a pole vault. Barnes made a new national record of 18 feet, 6 inches last year and only missed making a new world mark of 14 feet by a broken pole. He said he would surpass 14 feet this year.

Olympic Periods Require Supply of New Athletes

BY DAVIS J. WALSH

New York, Mar. 14—"Lumps for old" leered the villain who wished to short change Aladdin out of his non-refillable magic lantern. And Aladdin's faithful retainer naturally thought the man was off his clump and listened to close the deal before the sap became conscious. He figured he couldn't get the benefit of a miracle seven days a week.

The American Olympic Committee supplies new lamps for all every four years and no one regards it as being at all miraculous. It is taken as a matter of course. American supremacy in track and field could not long endure otherwise.

Yet a preview of the Olympic situation merely serves to indicate how surprisingly few members of the team that won in Paris—may be expected to figure prominently at the Amsterdam games next year. The competitive "hangovers" of the four year interval may number as few as a short half dozen.

The Big Six

Bad House, gentle winner in the weights at Paris, figures to be one of them. Gene, Barnes, and Glenn Graham, "one-two" in the pole vault at Paris, may also come back, being young and full of verve.

Lloyd Holm, place winner at 1,500 metres, is an exception in that he is expected to be a stronger contender than ever. Morgan Taylor, 400 metre hurdle champion, also seems to be none the worse for wear. The other possibilities are Harsh, Osborn and the Hart Hubbard, winners of the high and broad jumps respectively. I don't believe either is as good now as he was in 1924.

Charles Paddock, winner of the 100 metres in 1920 and second at the double distance in 1921, was fast enough last year to get credit for a new century record of 9.5 seconds. But the general idea of Charles now is that another year will do him virtually no good with sprinters like Locke, Barah, Russell and Sharkey coming while he is aging.

The same idea applies to Scholt, Bowman and Munchison, 1924 sprinters, who are also aging.

The four-year task of the Olympic Committee would be that much simpler if all of its athletes were marathons. It is easy enough, at that, for it deals only in American marathons and the supply is always at the flood.

Little has been heard, either, of Kinser, high hurdle champion, but it would appear that Guthrie, and several others will be back. I suppose, too, that statement covers the case of De Mor, who finished third in the marathon at Paris. He is forty years old or more but a marathoner seemingly is incurable.

The support was a trifle stronger the next day. Harding had little trouble with Mt. Vernon. That quintet had formerly defeated Columbus East and was rated as one of the fastest teams on the floor. Harding trimmed the oragne and black aggregation, 23 to 9.

And then came the triumph of the season. Performing before a crowd of at least 1,000 persons, the greater majority of whom were residents of Marion or Lancaster, the Harding High floor machine moved through the highly-touted Lancaster five, early in the season doped to win the tournament. The score was 17 to 12.

Thus, the Marion quintet knocked off the two leading teams in the district and went into the finals only to fall with the championship so near—and yet so far.

Harding's Season

Harding High, before entering the tournament, had anything but an impressive season. The boys were all green and Coach Compton, here for his first year, had not a regular from last season with whom to form a nucleus for a staunch and winning outfit. The lads defeated the Alumni and then moved down Lima Central. They lost to Mansfield and Bucrus on foreign

Scrappy Marion Quintet Goes Down Battling in Finals of District Meet

Lady Luck Favors Red and White Basketeers of Columbus South as Kraft Makes Wild Attempt at Bucket in Last 30 Seconds; Harding's Season Successful

BY EDDIE SCHOENLEB Sports Editor, The Star

WITH the basketball championship of the Class A district of the Central Ohio District at stake, the scrappy Harding High cagers met the first defeat Saturday afternoon at the hands of South High, Columbus, that they have experienced in the last six games. The score was 24 to 22.

But the red and black cage warriors were glorious even in defeat. Fighting an uphill battle all the way against an equally valiant outfit that had the added advantage of any team by height, Harding went down struggling for supremacy until the very end.

With the count deadlocked at the 22-point mark, Ed decreed that Kraft, stellar running guard of South High, should drop in the winning bucket from mid court in the last 30 seconds of play. That was all. If the gods of the hardwood court had favored Harding with that last successful attempt, the score would have been the same, for Marion would have been on the winning end.

No Alibi

The Hardings have no alibi. They need none. Had South High lost, the same thing would hold true for that group of red and white battlers. It was a game of games, the greatest of the tournament. The scoreboard carried a tie count at the half, 12 to 12. The deadlock at the end of the third quarter was found at the 16 point mark, and 50 seconds before the gun railed the title battle to a close, the score read 22 all.

It may be that the Comptonians felt the effects of the contest, with Lancaster in the semifinals, Friday night, and could not go quite as fast as they might, had they not had such a tough tie at that time. But Marion fans will never hear a story of that nature from any Harding High cager. As has been said before, they have no alibi for the defeat and need none.

While Harding had few short shots and made all its points on baskets regathered from midcourt, its passing offense was better than that of South. The quick, snappy, short passes in South's territory kept Harding in the game. They were every bit as good as South but Lady Luck favored the Columbus outfit. In the latter part of the third quarter and first portion of the last period, the Marionites had hard luck in basket shooting. They have five shots to one for South but were unable to connect.

There were no individuals stars in the game. The combination of Evans, Garrett, Rinnert, McAninch, and Shults was almost perfect. They fought together as one man fighting for one purpose and the person that dares to blurt out that "I told you so" should be overcome with shame.

Should Be Honored

Truly, Harding High's basketeers should be given all honor due them. They went to Delaware a week ago, followed by a small, very small, group of students and townspeople to help them out in what was expected to be a walkaway for the noted Columbus Central aggregation. Facing inspired basketball, Compton's proteges came through with a 22 to 20 victory over a team rated as second best in the tourney.

The support was a trifle stronger the next day. Harding had little trouble with Mt. Vernon. That quintet had formerly defeated Columbus East and was rated as one of the fastest teams on the floor. Harding trimmed the oragne and black aggregation, 23 to 9.

And then came the triumph of the season. Performing before a crowd of at least 1,000 persons, the greater majority of whom were residents of Marion or Lancaster, the Harding High floor machine moved through the highly-touted Lancaster five, early in the season doped to win the tournament. The score was 17 to 12.

Thus, the Marion quintet knocked off the two leading teams in the district and went into the finals only to fall with the championship so near—and yet so far.

Harding's Season

Harding High, before entering the tournament, had anything but an impressive season. The boys were all green and Coach Compton, here for his first year, had not a regular from last season with whom to form a nucleus for a staunch and winning outfit. The lads defeated the Alumni and then moved down Lima Central. They lost to Mansfield and Bucrus on foreign

doors, and then defeated the weak team crew, 29 to 4, on the home court. Delaware was the next N. C. O. D. game, 19 to 13, in the Star aggregation, and Ashland took the next with a smashing score.

And then, with Joe Rinnert, who suffered an injured ankle early in the season, again back to form at center, the Hardings rallied for the close of a season. They defeated Shelby 34 to 20 on the latter's court and moved to Delaware 19 to 18 in a return game in the Delaware armory floor. The winner of the tournament games has been indicated.

Successful Season

Counting the tournament games, Harding won seven and lost five in school basketball contests this season, a splendid record when we consider the caliber of teams met on the court during the year.

It will be noted that Bucrus, who defeated Harding only five points in the Crawford County floor, took the district tournament in which they participated and Mansfield, another winner over Marion, is to play in the state tournament at Columbus next week. It must also be remembered that the Marionites defeated one of the leading Columbus quintets and led to the other leader by only two points. In addition to those victories, we draw attention to the fact that Lancaster, rated as the best team in southeastern Ohio, fell hard before the locals for its second defeat out of 18 starts this season against some of the best teams in the state.

So, considering everything, we claim that Harding High, after a rather slow start, developed into one of the faster high school quintets in Ohio and can hold its own with many other teams turned out in the local school.

Columbus was third in the tourney with 68 points and Youngstown trailed with 57 counters.

Marion's defeats came in the first three games. Springfield took the first 15 to 11 and captured the second 15 to 12.

Columbus next took the Marion crew under with a 15 to 11 count. Then the locals won three. They defeated Columbus 11 to 8 in the second contest with that outfit and hit Youngstown for two victories, 15-8 and 15-8.

The Marion team, champions last year, fought from start to finish in the Springfield games but were unable to register. Had it had the luck to draw a weaker team in the first round, the story might have been different but the locals are offering no slacks.

Coach F. O. Rudolph today announced that the Marion team would participate in the national tourney.

Mushy Callahan to Meet Andy Divodi in Garden

New York, Mar. 14—The quick change scenic artists at Madison Square Garden today are transforming the famous arena into a boxing amphitheatre. A ring stands in the center of which was a hockey rink last night and a bicycle track Saturday night. With the rapid enclosure tonight Mushy Callahan defends the junior welterweight championship against a New York challenger, Andy Divodi.

The honorable boxing commission, which establishes local Queensbury social lines, declines to recognize the 140-pound class as a championship division. Elsewhere it enjoys equal standing with the junior lightweight brigade which has an active champion in Ted Morgan, whose title originated here.

Despite the attitude of the boxing fathers, the championship feature of tonight's affair is generally recognized. Tex Rickard will present the winner with a gold belt, emblematic of the title.

Callahan and Divodi are scheduled for twelve rounds. Divodi is a 7 to 5 favorite, although he has participated in few long fights. Andy arrived at the vaulting age only a few weeks ago. Previously he had compiled a splendid record as a six-round performer.

On the Pacific coast where he was developed, Callahan is regarded as a

Special Memorial Service at
Night Service

Kenton, Mar. 14.—Featuring the program in Kenton churches yesterday was the memorial service conducted last night in the United Presbyterian Church by the pastor, Rev. A. R. Henderson, honoring railroad men.

Tribute was paid by the speaker to those who have given their lives in the service of the railroad and to those who are now actively engaged in railroad work.

Railroaders Present
Early in life, Rev. Henderson was a railroad man and it was the memory of these days that prompted him to arrange the unique service. A large delegation of railroaders occupied reserved seats.

In many of the other churches ministers paid special attention to the purpose and meaning of Lenten season and emphasized the observance in their sermons. Special persons were touching on Lent were used by Rev. E. G. Kuenzler, pastor of St. John's Evangelical Church and Rev. E. V. Helmer, pastor of the First Presbyterian Church.

The program of special music at St. John's was presented by the young ladies' chorus recently formed, while violin and solo numbers were given by Miss Mary Louise Kaiser and Austin Koch. At the First Presbyterian Church the church quartet in its program was assisted by Mrs. Rex Harris, Mrs. H. J. Dunn and Miss Ida Lewis, with Miss Frances Harrison playing the piano accompaniment.

A large crowd heard Rev. C. B. Hallberg who delivered his first sermon as pastor of the Christian and Missionary Alliance Church, having come here from Anderson, Ind., where he served two years.

Teachers and officers of the Bible School of Emporia, Mo., Church made special plans yesterday for special services to be held two weeks preceding Easter Sunday. The pastor, Rev. D. Earl Rhodes, will have charge.

School League May Replace Morrow County Tournament

MT. GILEAD, Mar. 14.—A movement is on foot in Morrow county to abolish the annual county basketball tournament and substitute in its place a basketball league. This year there were 16 participating schools in the county. It has been suggested that each school be required to play every other school once and the school winning the largest number of games be declared the county champion, in both local and state events.

That would mean that each school would have played six games in the county championship season.

Local school men feel that the tournament also is being abolished and that too much is being sacrificed for basketball. The strain upon the teams, particularly the girls is very great, on account of the crowding of games, and the last ones usually are especially hard ones, they say.

The idea seems to be to call a rally and have the league organized and in operation before the school season may be taken when the athletic committee meets again.

Jubilee's Pardner

A Story of Boyhood Adventures

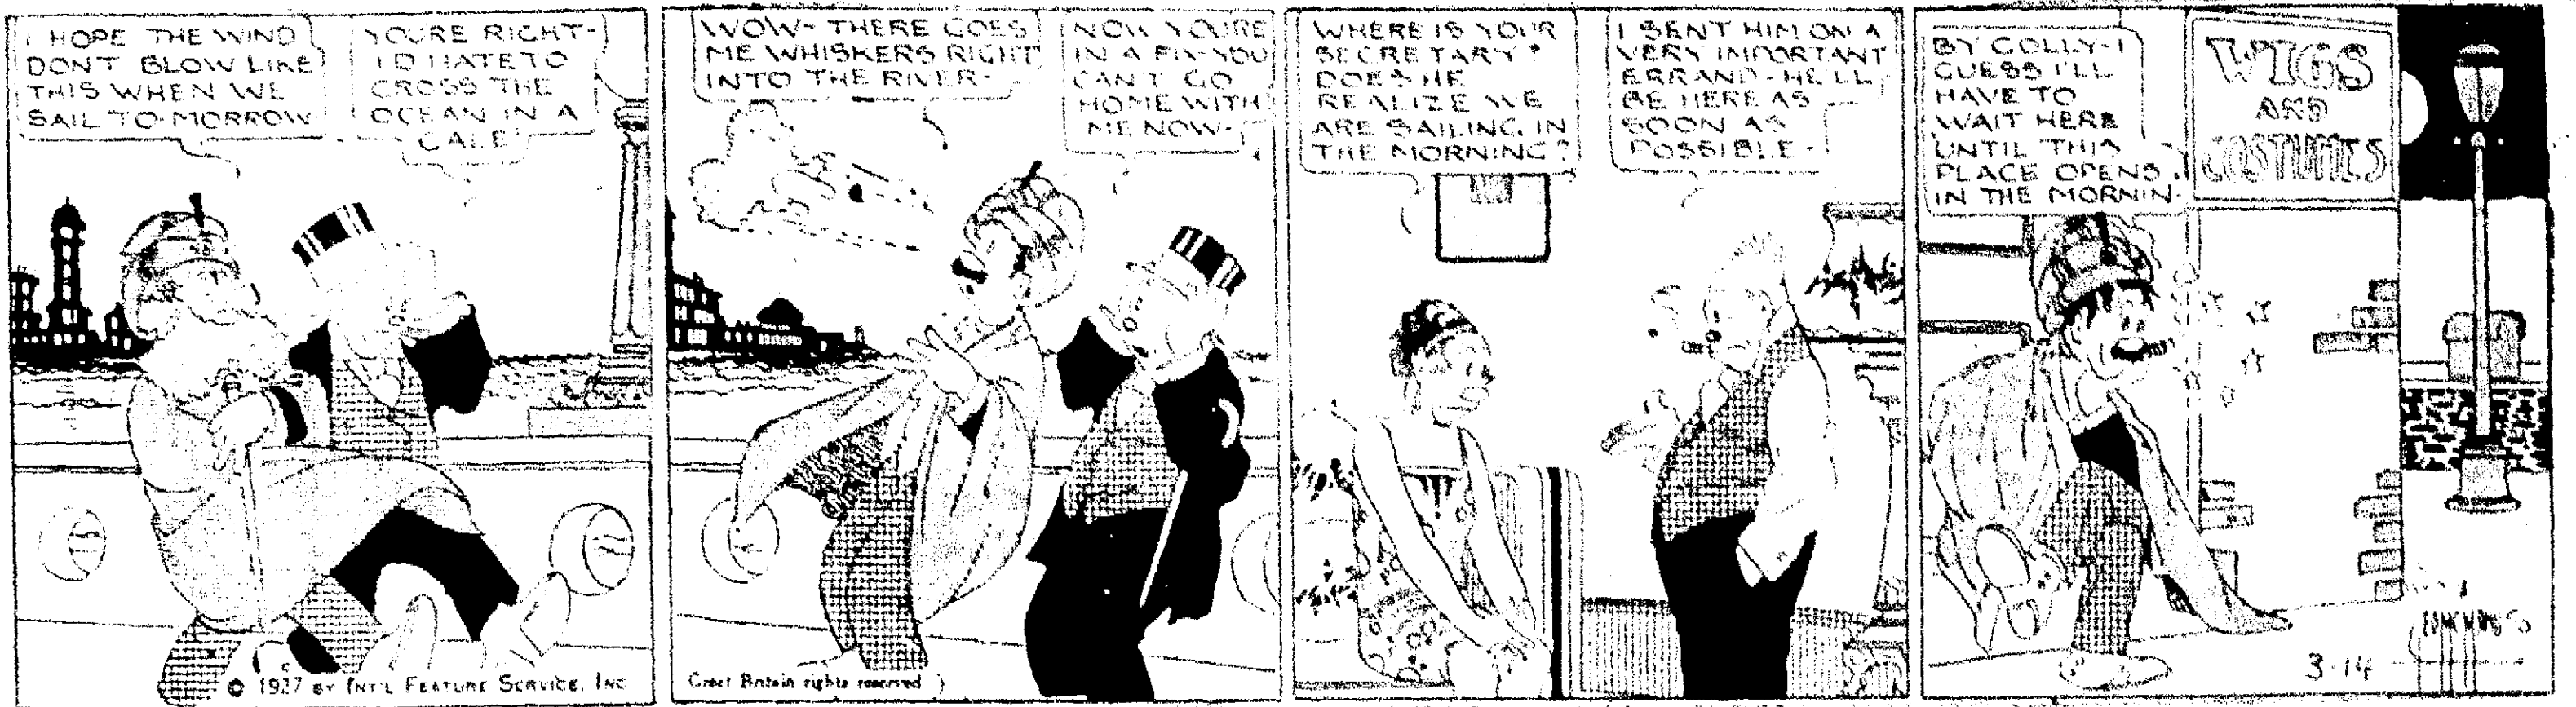

BY JUDD MORTIMER LEWIS

It was a fine day, and the sun was shining brightly. Jubilee was on a skunk pressing down on its hindquarters; and he got a wrench out of the car and Miss Farmer asked him what he was going to do, and he said the wheel was on a animal and he was going to knock it in the head, and she said he would run the car off of it and leave him alone. Jubilee said: "I'll be right back." and he went to the back of the car and took out a jack and a screwdriver. He put the jack under the axle and it had a short worker about a foot long, so he had to get close to it to work it, and when he had raised it up the skunk pulled itself out, and when the wheel was not pressing on it it could broadcast, and it did. That neighborhood was very rarely thick. He boistered at Miss Farmer to drive the car off, because he would have to walk. But we took some of the smell on the car to town with us, and when she had tried to leave it in three garages she parked it in the middle of the vacant lot. Women are not so very brave.

There was not anything happened to Jubilee. Spring is almost here. We found two drowned kittens in the middle in the brickyard today.

Uncle Wiggily and His Friends

"Here you a piece of string, my dear," asked Uncle Wiggily of his wife, Mrs. Longears. "What kind of string?" the rabbit wanted to know. "A very strong string, if you please, I'm going to tie the something fast," said Mrs. Longears. "You aren't going out in the woods to catch a fox or wolf to the day, I hope?" exclaimed Mrs. Longears. "No, indeed!" chuckled the rabbit. "I am not so silly as that. I was just going to tie my umbrella fast for I think it is going to rain and I shall take my umbrella with me in a little while, I go adventuring." "Your umbrella fast? I never heard of such a thing!" cried Mrs. Longears in surprise. "But, anyhow, I haven't a piece of string. You had better ask Nurse Jane." "No, Uncle Wiggily hopped out to the kitchen where the muskrat lady was washing the dishes after all the forty-four little bunny rabbits had eaten their breakfast and hopped to school. "Have you a piece of string?" asked Mrs. Longears. "What do you want of a piece of string?" asked Miss Fuzzy Wuzzie. "Are you going to make a cat's cradle for Jackie Bow Wow to sleep in?" "Ha! Ha! That would be funny," chuckled Uncle Wiggily. "No, I am not going to do anything like that. I am going to tie my umbrella." "I never heard of such a thing," chuckled Nurse Jane. "Well, you shall soon see it if you give me a piece of string," spoke Mr. Longears. "Uncle Wiggily brought his umbrella out to the kitchen. Nurse Jane gave him a piece of string and then the rabbit gentleman tied the handle of his umbrella fast to his left paw with the end of the muskrat lady gave him. "Why are you doing that?" asked Mrs. Longears, who hopped out into the kitchen to learn what all the noise was about, for the end of the umbrella was thumping on the floor. "I am doing this so my umbrella will not blow away," answered Mr. Longears. "I must take my umbrella with me because I think rain will fall soon. And as it is March, the wind is blowing. I do not want my umbrella to blow away so I am tying it fast." "Mrs. Longears and Nurse Jane said that was very wise, and they wished Uncle Wiggily good luck as he hopped away from his hollow stump bungalow with his umbrella tied on his left paw. He had not yet put the umbrella up
